FIRE FIGHTING MEASURES

Flash Point

(93.9 °C), 201 F

Extinguishing Media

Dry chemical, foam, carbon dioxide, water fog.

Fire Fighting Equipment / Instructions

Firefighters should wear full fire-fighting turn-out gear (full Bunker gear) including NIOSH-approved self-contained breathing apparatus with full face piece operated in the pressure demand or other positive pressure mode.

ACCIDENTAL RELEASE MEASURES

SPILL AND LEAK PROCEDURES

Emergency Action:

Isolate spill or leak area immediately. Keep unauthorized personnel away. Stay upwind.

Do not touch or walk through spilled material. Avoid the generation of dusts during clean-up. Wear appropriate personal protective equipment during cleanup. Small Dry Spill: With clean shovel place material into clean, dry container; move containers from spill area. Large Spills: Cover powder spill with plastic sheet or tarp to minimize spreading. Prevent entry into waterways, sewers, basements or confined areas.

HANDLING AND STORAGE

Handling

Avoid contact with skin and eyes. Avoid breathing dusts from this material. Wash thoroughly after work using soap and water. As with all chemicals, good industrial hygiene practices should be followed when handling this material.

Storage

Avoid freezing or excessive heat at 10 - 40°C. Avoid dispersion of dust in air. Keep the container tightly closed and in a cool, well-ventilated place.

EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering controls

Use with adequate ventilation.

Personal protective equipment

Eye / face protection

Wear chemical goggles; face shield (if splashing is possible).

Skin protection

Work clothing sufficient to prevent all skin contact should be worn, such as coveralls and long sleeves. Use impervious gloves.

Respiratory protection

If irritation is experienced, a NIOSH-approved respirator should be worn. Ventilation and other forms of engineering controls are often the preferred means for controlling chemical exposures. Respiratory protection may be needed for non-routine or emergency situations.

General

Eye wash fountain and emergency showers are recommended.
