

TECHNICAL DATE SHEET (TDS)

Product Name: IRAMID 98

Chemical name: Ethylene Glycol Distearate

Document code: PSJ-RD-FR-12-00

Revision number: 00

Revision date:

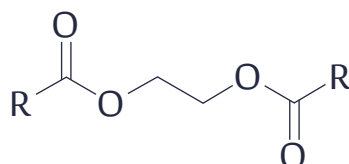

COMPANY IDENTIFICATION

Manufacturer: PADIDEH SHIMI JAM CO.

Tell: +98(21)88580000

Address: No.16, Western Fourth Golbarg St., Baharestan St., Dadman Blvd., TEHRAN, IRAN

CHEMICAL STRUCTURE

PHYSICOCHEMICAL PROPERTIES

Appearance (25 °C)	White Flake
Acid value (mg KOH /gr)	Max. 5
Saponification value (mg KOH /gr)	192 - 200
Iodine value (mg I2/gr)	Max. 1

FUTURES

IRAPON 98 is a pearling, softening and viscosity enhancing agent in cosmetic formulation such as detergents, shampoo, hand cleaners and creams and other cosmetic.

APPLICATIONS

Pearlised shampoos, bath cleansers, pearlised hand washing liquids, pearlised liquid cleaners and dishwashing Liquids

STORAGE & STABILITY

In the correct packaging conditions and at a temperature between 10-40 °C, the IRAPON 98 product can be stored for 12 months
